The map displays the Kvilda region within the Šumava National Park. The town of Kvilda is centrally located, with the Otava River flowing through it. The map is characterized by a network of dashed lines and colored circles, likely representing different land management or research zones. The 'Krajina lesní' (Forest Landscape) area is highlighted in orange, and the 'NP Šumava' boundary is marked in purple. The 'Knížecí Pláně' area is also indicated. The map includes topographic details such as contour lines and various geographical features like streams and forests.
